Graphic and Web Designer

## Profile

I'm glad to introduce myself as a Graphic and Web Designer based in Poland. Turning imagination into reality is my forte. I have a strong mindset towards my goals. I have always had a keen interest in design.

I got inspired by the inspirational quote "If you believe in yourself anything is possible" - Miley Cyrus.

So, I started learning and creating designs. The scope of my work also included many different aspects such as designing logos, posters, and restaurant menus.

Aside from everything else, one thing will never change, and that is my passion for learning and designing.

# ABOUT

# ME

Greetings, I'm SAILAB RAI from INDIA. It is my pleasure to introduce myself to you. I completed my studies from the ARMY PUBLIC SCHOOL, INDIA, specializing in the field of arts and creation. My studies were completed in 2017.

Due to my hard work and dedication, I was able to obtain a job in Poland and support my family. Initially, I worked in the restaurant industry. However, I have always had a keen interest in creating designs. In order to follow my passion, I began taking online classes. Since I was working. As a result, , it was difficult for me to enroll in a university and take specific knowledge. But it didn't stopped me from learning. During this period, I also began working as a freelance graphic and web designer and acquired specific skills and knowledge. In addition, I learned many aspects of design and print media. As part of my duties, I was also responsible for preparing client presentations.

# MY WORK

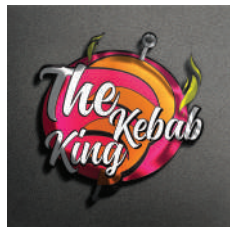

---

## LOGO DESIGN

---

I designed this logo for a fashion brand. It was quiet challenging for me to put simplicity to the first pirority.

A well structured design for a fast pace gastronomy restaurant business. Here, I got a chance in acquiring new knowledge and mastering skills.

A perfect example of today's era and following one's culture. The basic idea behind this powerpack logo was to show the relation between culture and modernization.

# MY WORK

---

## MENU DESIGN

---

The idea behind this menu was to keep it short and criss, Just like it's ingredients.

I tried to appear totally with a new concept for this menu. The principle focus was to show the traditional values and patriotism.

An illustrated message that expresses, affection, good will, gratitude, sympathy, or other sentiments for our esteemed customers.

# MY WORK

---

## POSTER DESIGN

---

"One's devotion to and vigorous support for the country". The statement truthfully depicts with the ultimate form of representation.

The concept behind this design was to illustrate a large sheet on the wall with keeping simplicity in the mind.

## BOARD DESIGN

---

A plan displaying the true identity of an existence aligned with a clear notion.

The land which gave us a place to live, a place to expand knowledge, a great platform to represent who we are and now it's time to express the passion for the country to everyone.
